

2003 toyota solara power steering diagram

What kind of power steering fluid does a Toyota 5s use?

Something interesting is that there is still a different kit supplied for locally-produced 5S of that year: 04446-06030 - your favorite compatible power steering fluid. All Toyotas of this era use ATF as the power steering fluid; Dexron III will have been originally specified, but you can use a wide range of ATFs.

Can You rebuild a power steering pump on a Japanese car?

This is a good project for the average DIYer; rebuilding run-of-the-mill power steering pumps on mainline Japanese cars is not something shops do, because it is time-consuming with few benefits vs. getting a rebuilt pump from a big rebuilder such as Cardone, or a new pump.

Why would one attempt to rebuild a power steering pump?

So why would one attempt to rebuild the power steering pump? Well, the primary (and really, only) reason is leakage. The seals go after so many thousands of miles, and the pump starts leaking, making an oily mess of everything.

Is a 1992 Camry power steering pump re-manufactured?

Too late for my 1992 Camry as the original power steering pump is gone! I am stuck with a re-manufactured as for my year no one offers brand new any longer! Too late for my 1992 Camry as the original power steering pump is gone!
