

What are Energy Trust's solar and battery storage incentives for 2025?

Energy Trust is pleased to announce preliminary* solar and battery storage incentives for 2025. Energy Trust plans to allocate over \$14 million to support the installation of new solar and paired battery storage systems, early development and design assistance, community solar and community resilience.

Does your state have a solar incentive?

Nearly all states have some form of solar incentive -- such as rebates, property tax exemptions, or grants. State programs are subject to frequent change, so it's best to consult a reputable installer or your state's energy department or public utility commission (PUC) to ensure you're not missing out.

What is a solar tax credit 2023?

The Residential Clean Energy Credit is part of the Inflation Reduction Act, passed in 2022, and is valid from tax year 2023 through 2032. Homeowners may be eligible for a tax credit on qualified systems installed before 2023, but at a reduced rate -- typically 26%. **How Does the 30% Solar Tax Credit Work?**

What is the federal solar investment tax credit?

The Federal Solar Investment Tax Credit is a government program that can save US taxpayers 30% of the total purchase and installation costs of new, eligible clean energy property for their primary or secondary homes. Officially called the Residential Clean Energy Credit, it is also frequently known by other names, including:

How do I know if I qualify for solar incentives?

Whether you qualify for solar incentives depends on where you live and other factors like your tax status. States and utility companies offer several types of solar incentives, and you can learn about them on this page.

What are the amounts for state solar tax credits?

State solar tax credits vary in amount, usually being a percentage of the total cost of the system. Almost all state tax credits have a maximum, with current amounts between \$500 and \$5,000, depending on the state. They can be claimed in addition to the federal government's investment tax credit.
