

3rd party rebiew patriot power solar generator 1800 reviews

Does 4Patriots currently sell a solar generator?

While 4Patriots used to sell a solar generator called the Patriot Power 1500, it was recalled due to being a fire hazard. Currently, they offer the Patriot Power 1800, which is a gas-powered generator.

What is the Patriot Power Generator 1800?

The Patriot Power Generator 1800 is a solar power generator that I've often used for power outages in my home. It comes with 2 charging options -- solar panel charging and AC outlet charging (the outlets on the main power grid). This product is a continuation from the Patriot 1500, which famously was recalled because it kept catching fire.

How many watts is a patriot power generator?

The Patriot 1800 has an output capability of 1800W, as the name suggests. This means it can power devices and appliances that require up to 1800 watts of power. The Patriot has a solar input potential of 240 watts, which is less than some rival solar generators.

Is Patriot power generator a good solar generator?

The Patriot Power Generator 1800 from ecotality.com is a popular solar generator from the well-known manufacturer of survival food kits and self-reliance equipment, Patriot Power Generator. While it is an expensive option, the generator has proven to be effective in the solar energy market, having been available for over five years.

What is the cost of a Patriot Power 1800?

The Patriot Power 1800 is grossly overpriced, currently costing almost \$2,500 on the 4Patriots website. That's a lot of money for what the Patriot Power 1800 offers. Compare it to these solar generators that cost around the same.

How long does it take to recharge the Patriot Power 1800?

The Patriot Power 1800 includes an AC charger that recharges the battery in about three hours. For devices and gadgets, the Patriot Power solar generator has four USB ports, all 5V/2.1A ports. You can also recharge the power station using solar panels. Maximum input power is 240W (which is low compared to similar sized solar generators).
