

Who is AE solar?

loading.. AE Solar is a manufacturer of highquality solar modules. Moreover,we provide optimal services and solutions for construction of small solar power plants as well as complete,turnkey solar parks.

What is AES Solar Energy?

AES Solar Energy is a clean and affordable solution from Alternative Energy Systems for powering your home or business with solar power. For the past 100+years,your utility has controlled how you get your power and how much you pay for it. Solar power changes all of that.

What are ae solar meter solar panels?

AE Solar "Meteor" range of solar panels utilize latest cutting edge N-Type TOPCON technology to deliver unparalleled module efficiency of up to 22.47%. These solar panels use bifacial solar cells,which means that the panel is capable of absorbing direct sunlight from the front side,and diffuse or reflected light from the rear side of the panel.

Where is AE Solar headquartered?

AE Solar,founded in 2003 and headquartered in Königsbrunn (Germany),\has an annual production capacity of 2.5 GW in its plants located in Europe and Asia,\also with subsidiaries in Mexico (since 2017),\Brazil (since 2018) and Saudi Arabia (since 2018).

What does aesolar stand for?

AESOLAR,a leading German manufacturer of solar modules,stands for precision and reliabilityin... At AESOLAR,it's not just about manufacturing solar panels; we are building a more... Our state-of-the-art factories use intelligent automation for precise and efficient assembly to minimize errors....

Why should you choose AE solar?

AE Solar has a large product range of modules from 80 watts to 360 watts. All of our AE solar modules are constantly tested and measured during their manufacture. Therefore we can provide our customers with first-class quality. Our AE solar modules are internationally recognised and certified.
