

Is AGL acquiring firm power?

In a market announcement, energy generating and retailing major AGL confirmed it has entered into a binding agreement to acquire Sydney-based solar developer Terrain Solar and battery energy storage specialist Firm Power in a deal worth about \$250 million (USD 165.5 million).

What is AGL virtual power plant (VPP)?

AGL Virtual Power Plant (VPP) allows customers with solar panels and a solar battery to save on energy bills. Currently, AGL is offering a sign-up bonus (\$100) and an ongoing bill credits scheme. To sign up, customers must have solar panels with a compatible battery, a smart meter, a reliable internet connection and live in QLD, NSW, SA or VIC.

Does AGL still offer solar installation services?

AGL no longer provides installation services to residential customers, but the retailer still wants to attract households that have solar panels. Solar customers in Victoria, South East Queensland, New South Wales and South Australia can sign up to AGL's special deal called 'AGL Solar Savers'.

Does AGL offer a solar Bill credit?

If you have solar panels and a compatible solar battery, AGL will give you a \$100 signing-up credit for joining its VPP, followed by an ongoing quarterly bill credit: These quarterly credits are on top of the solar feed-in tariff you get when you supply energy back to the grid.

What is AGL & how does it work?

AGL provides electricity and natural gas to nearly four million customers nationwide. It also helps customers get started with solar and offers special deals to help households make the most out of their investment. So, if you're in the market for solar, Canstar Blue has put together this guide on AGL.

Which solar battery brands are available at AGL?

Some of the listed solar battery brands available from AGL include the Tesla Powerwall and Sungrow. The retailer also offers a 'bring your own' battery deal for customers interested in joining AGL's Virtual Power Plant (VPP). You can also download the AGL Energy App which provides daily insights into your energy usage.
