

Who is Agni Green Power Limited?

Agni Green Power Limited is a professional and well established Solar PV contractor, offering complete turnkey solutions for solar PV power plant projects. With over 28 years of experience in the solar industry, we have established ourselves as a trusted and reliable partner to our clients.

Where is Agni Green Power located?

114, Rajdanga Gold Park, 1st Floor, Kolkata, West Bengal 700107 India This company also provides solutions for other industrial applications. Till date, AGNI GREEN POWER has successfully commissioned more than 10MWp Solar PV Stand Alone Systems and more than 50MWp Solar PV Grid Connected/Grid-Tie systems, in India.

Who is Agni solar?

Agni Solar installed a 412 kWp rooftop solar system at our Pune factory in June 2019 with professionalism and precision. Their expert team ensured a smooth transition, addressing every query efficiently. Now, we save costs and use clean energy. Highly recommended! Agni Solar has been installing water heaters for our residential projects since 2004.

What is Agni energy?

Agni energy is the energy of the inner fires, specifically the chakra system. It is kindled through a triple fire: the electric fire from the Intuition Plane, solar fire from the higher mental plane, and fire by friction which relates to the personality life. Most of us are on the path of perfection.

What are Agni green power's values?

At Agni Green Power Limited, we value honesty and integrity, ensuring technically best-in-class products and services, encouraging individual initiative and innovation, and respecting our customers, partners, and colleagues worldwide. These values form the cornerstone of our business and guide everything we do.

What AGNI Solar did in 2018?

In January 2018, Agni Solar proudly participated in the Adventure Sports Expo Asia 2018, one of the largest adventure sports events in the region, held in New Delhi. In October 2018, Agni Solar proudly partnered with Concern India to organize a Sports Day event for differently abled children
