

What is an aims Solar System?

An AIMS solar system also makes an excellent backup source of power for hurricanes, storms and other emergencies when your city power goes out. We carry solar panels of many sizes here, allowing you to easily support your power needs and your budget. Choose from 60-watt solar panels to 265-watt panels.

Why should you choose aims power?

AIMS Power offers a range of top-notch solar panels and connectors. By connecting these with AIMS Power inverters, solar controllers and batteries, you can become totally self-sufficient, energy-wise. An AIMS solar system also makes an excellent backup source of power for hurricanes, storms and other emergencies when your city power goes out.

What is LiFePO4 aims power?

Hello! NEW! Lithium Battery with Wake Up, Heater & BT Monitoring 12V 104Ah LiFePO4 AIMS Power sells signature DC to AC power inverters, solar panels, deep-cycle batteries, charge controllers and more. Custom solar kits and US based tech support.

Are solar panels good for the environment?

In addition to all these benefits, solar panels are just plain good for the environment. They produce valuable electricity without giving off toxic fumes or adding to the carbon load of our rapidly warming planet. AIMS Power offers a range of top-notch solar panels and connectors.

Why should you use a solar panel?

There are plenty of reasons you may want to use a solar panel. If you live off the grid or have a remote cabin or RV, solar panels can do everything from charging your laptop, smartphone and all those other magical gadgets that the world increasingly depends on to running your refrigerator or keeping you cool and comfortable.

What wattage solar panels do you offer?

Choose from 60-watt solar panels to 265-watt panels. Many of these panels are foldable or bendable for easy mobility. In addition, we offer multipacks of our larger-wattage solar panels, letting you multiply your savings when you buy in bulk. The more you buy, the more you save.
