

Aimtom portable solar generator 42000mah 155wh power station

What is a aimtom sps-155 solar power generator?

The AIMTOM SPS-155 solar power generator is designed to be a travel power station to power up to most devices less than 180W; it is light and compact and easy to carry around when you go out. Take and use almost anywhere. It is a silent generator. It comes with an integrated power inverter, making it run super quiet.

How much power does a aimtom sps-155 have?

GIGANTIC 42000mAh BATTERY WILL COVER ALL YOUR NEEDS: The AIMTOM SPS-155 Portable Generator, which has an IMMENSE 42000mAh 155Wh power capacity, is ideal for powering appliances at a campsite, a tailgate party, home improvement projects or can even double as a flashlight for emergencies.

How long does aimtom sps-155 take to recharge?

This recharging mode will be perfectly suitable for non-sunny outdoor use of the AIMTOM SPS-155 solar power generator. You can fully recharge it in your vehicle in approximately 10 hours. This is ideal in case you run out of energy during a trip, and you don't have a solar panel or a 220V socket available.

What is a built-in battery management system?

ADVANCED BATTERY MANAGEMENT SYSTEM: The built-in BMS protects you against overcurrent, overvoltage, and over-temperature, ensuring the safety of you and your devices and prolonging battery life. It also features a built-in cooling fan to avoid overheating when charging. These items are shipped from and sold by different sellers.
