

Who is Akon Lighting Africa?

By 2020, Akon Lighting Africa had provided solar energy to 25 nations and about 28.8 million Africans in need. The singer has also expressed his vision of building a futuristic city in Senegal, called Akon City, powered entirely by sustainable energy.

What challenges did Akon face?

He personally faced the challenges of living off the grid, from limited educational and career opportunities to health and quality of life concerns. In 2014, Akon launched the "Akon Lighting Africa" project to help Africans access low-cost yet sustainable energy through solar power.

What will Akon's Future look like?

The city, which will feature everything from homes to hotels, schools and even an airport, will embody the principles of sustainable development and futuristic design. Akon also intends to build a \$1 billion hospital with 5,000 beds among its many amenities.

Who are Akon and Samba Bathily?

Akon founded the solar project in partnership with two visionary co-founders, Thione Niang, a passionate Senegalese political activist, and Samba Bathily, a successful entrepreneur and CEO of solar company Solektra International. The co-founders understand that rural African communities require more than just temporary aid from foreign donors.

Where did Akon grow up?

Akon, a U.S.-Senegalese rapper whose real name is Aliaune Thiam, grew up in a rural town in Senegal and spent much of his childhood without electricity. He personally faced the challenges of living off the grid, from limited educational and career opportunities to health and quality of life concerns.
