Where does Allterra Solar install solar panels?

Allterra Solar installs solar panels in the greater Central Coast and South Bay Area. Specifically, they serve areas as far south as Monterey County, as far north as Half Moon Bay, and in Santa Clara County. See a Map of Our Installations for more details. Who in your neighborhood has gone solar with Allterra?

Does allterra offer a warranty on solar panels?

Allterra's equipment manufacturers provide industry best warranty coverage, including parts and solar panel performance. Our workmanship warranty covers system construction, including mounting the solar to your roof.

Is allterra better than solar city?

Allterra's bid was much better than Solar City's in terms of pricing. The approval process from the Homeowners Association (HOA) took some time, but Allterra was very patient during the entire process. Once all the approvals were in place, Allterra sent very competent people for installation. The city inspection and PG&E net metering went very smoothly.
