Why do you need an annual maintenance contract?

An annual maintenance contract is a primary need when investing in solar installations. It is crucial for proactive maintenance, improved performance, maximum efficiency, increased longevity, professional support, and maintenance cost savings. Megamax solar panel installation services come with comprehensive AMC with all crucial inclusions.

How to maintain a solar power plant?

There are two options for any annual maintenance contract for a solar power plant. 1. Contact the original solar installer for cleaning & repairs. This option is best for residential solar power plants. 2. Hire a solar O&M (operations & maintenance) company. Hiring a solar O&M company is beneficial for commercial & industrial solar plants.

An operations and maintenance agreement between the solar plant owners, operators, and the third-party O&M provider has to be duly written and signed to get that in place. Entering into a solar operations and maintenance ...
