Their service area includes New York, New Jersey, Vermont, New Hampshire, Connecticut, Rhode Island, Massachusetts, and South Carolina.

Would you use apex if it was the last solar company?

I would not use Apex if it was the last solar company in the entire solar system. There are no production or equipment warranties despite the contract and written information. Read the owners responses to poor ratings. It is always the customers fault. NEVER do they say we made a mistake and we will fix it. Delays are always someone else's fault.

Why did Apex start net-metering a solar bank?

Apex began net-metering their annual solar bank in the spring to limit their monthly National Grid electric bill to an \$18 meter charge. Any production loss during this period was negligible.
