

Who is Apex Energy Tek?

Apex Energy Tek is a company that specializes in the design and installation of residential and small-scale commercial solar. They have installed over 5,000 solar systems, EV charging stations, and roofing projects across the Northeast. Apex Energy offers the most comprehensive selection of renewable solar solutions in the region.

What does Apex Solar Power offer?

Apex Solar Power offers customers the opportunity to integrate a solar battery and EV (electric cars) charging station into their existing or new solar panels. The solar company sources backup energy solar products, including the Generac PWRCell, Tesla Powerwall, and LG Chem.

Where does Apex Energy operate?

Apex Energy specializes in the design and installation of residential and small-scale commercial solar. They also provide EV charging, battery backup, and roofing services. Their service area includes New York, New Jersey, Vermont, New Hampshire, Connecticut, Rhode Island, Massachusetts, and South Carolina.

Why did Apex start net-metering a solar bank?

Apex began net-metering their annual solar bank in the spring to limit their monthly National Grid electric bill to an \$18 meter charge. Any production loss during this period was negligible.
