

Is Arcadia Power a good company?

The reviewer has been with Arcadia Power for at least 3 years and is very happy with them. They have never had an issue or problem.

Is Arcadia a solar power company?

Arcadia (formerly Arcadia Power) is not a power company or energy supplier, as it doesn't generate or sell electricity. Instead, Arcadia connects you to local solar farms and applies credits from those farms to lower your utility bill. Arcadia assigns you a share of a nearby solar farm's output when you sign up.

Who is Arcadia Power?

Arcadia Power is one of the largest community solar companies in the US. They aim to help Americans who can't install solar panels directly on their homes to benefit from renewable energy through community solar projects.

Does Arcadia Power pay for solar panels?

Arcadia Power does not pay for solar panels. Instead, it offers community solar subscriptions. Participating utilities buy solar energy from Arcadia, which sells subscriptions to consumers and buys energy from solar farms. In some states, consumers pay Arcadia, which then pays the utility and the farm on their behalf.

Does Arcadia offer community solar?

Arcadia's primary offering for consumers is participation in its community solar program. This is a simple way for anyone with a utility bill to save money and support renewable energy and a more resilient grid. So, what is community solar?

What is the main benefit of Arcadia solar?

The most tangible benefit for most Arcadia subscribers comes in the form of guaranteed savings on their utility costs without having to sacrifice a stable energy source or set up an expensive solar system on a residence. It's also a way to support more renewable energy. In some states, low-income individuals may qualify for even better rates.
