

Are calb batteries sold on alibaba new or used

How much does a CALB battery cost?

When you add in the Amazon fees, shipping, and tax...it's not much markup. Just a convenient way to get some genuine CALB batteries :) This 180 Ah battery should be selling for \$1.20 per Ah at the most that is with a .10 per Ah markup Although these batteries are great (if this really is a China Aviation Lithium Battery) this is a complete ripoff.

Who is the battery supplier for CALB?

CALB is the battery supplier for GAC Group ????,Changan Automobile ????,SAIC-GM-Wuling ?????,Leapmotor ????,and XPeng*. In 2021,according to one article,CALB held a share of 5.9% of China's battery market.*

Are CALB batteries any good?

These CALBs are excellent batteries,at this price though you should be getting a battery at about 300ah,not 180ah. And yes I know CALB doesn't sell these in a 300ah size,I am just making the point of poor value. Shame on whomever is trying to sell these batteries at such a high price. Woot!

Is Alibaba a good place to buy batteries?

on Alibaba there is so many companies that are eager to sell you their batteries and all claiming to be grade A and some grade A+and i am sure i can't trust all these sellers,there must be few which are honest and reliable. Anyone can share his/her experience buying from Alibaba or any chinese source. Please mention supplier name.

Where to buy batteries in China?

Anyone can share his/her experience buying from Alibaba or any chinese source. Please mention supplier name. Battery Business like everything else in China is Extremely competitive, The majority of these vendors buy their batteries from Battery Cell brokers.
