

Did Hashem hnaihen break into a solar power plant in Florida?

Gizmodo reports: Hashem Younis Hashem Hnaihen allegedly smashed windows at local businesses in Florida, leaving behind threatening letters about their perceived support of Israel, and broke into a solar power generation facility in Wedgefield, Florida back in June.

What happened at a solar plant in Las Vegas?

Mesmarian was arrested on Thursday, 30 miles from the crime scene, and allegedly told police he did it 'for the future'. It is the latest in a series of attacks against energy infrastructure across the US. A man was charged with terrorism after police said he rammed his car into a Las Vegas solar plant and set his car on fire.

Are solar workers illegal migrants in Anglesey?

Sources on Anglesey said residents had spotted workers they did not recognise heading to the solar farm in cars bought locally and began to suspect they were illegal migrants. "None of them were able to speak any English, which started ringing alarm bells in the locality," said one resident.

What happened at the Mesmarian solar plant?

Police told 8 News Now that Mesmarian drove his car through the fence of the solar plant after employees had left on Tuesday afternoon. The man allegedly stayed at the site until midnight, with security cameras catching the moment he set the car on fire inside the generator pit.

Did Hnaihen attack a solar farm?

Hnaihen's alleged attack on the solar farm is the latest attack federal agencies have investigated as people previously carried out or plotted similar actions to inspire mass violence.

Why did immigration officers raid EDF's Porth Wen solar farm?

Home Office Immigration Enforcement officers raided EDF's Porth Wen solar farm in north Wales after reports that migrants had been hired without work permits to help repair hundreds of damaged solar panels. The solar farm, on Anglesey, suffered thousands of pounds worth of damage when a storm ripped through the 190-acre site in December.
