

How long does it take to charge a patriot power cell?

A Patriot Power Cell can go from zero to "fully charged" in about 6 hours or less* using the AC cord. That's pretty quick for such a big battery. As a backup, you can also charge your Patriot Power Cell phone charger with the sun, it simply takes longer. Charging via solar takes up to 40 hours.*

Can I charge my phone with a patriot power cell?

It is not for charging your phone with a Patriot Power Cell. To charge your device, use the cord that came with that device. Charge your mobile devices with the charging cords that came with those items. If it has a USB end, your cord will work with both of the USB ports. Need to charge two devices at once? No problem!

Can a patriot power cell CX charge multiple devices?

But most importantly...your Patriot Power Cell CX is solar! You can use its built-in solar panels to recharge it fully using the FREE power of the sun. Which means, you can even use it during a blackout. And it'll power itself -- and your devices -- with energy from the sun. So you can charge 3 devices at once. To get you up & running in only 3 hours

Does a patriot power cell work with a USB device?

Your Patriot Power Cells work with any USB-equipped device. Just plug in your existing charging cord! There's no need to buy extra equipment. The cord that comes with your Patriot Power Cell is for recharging your Patriot Power Cell. It is not for charging your phone with a Patriot Power Cell.

What is a patriot power cell?

The best-selling Patriot Power Cell has been upgraded to the Patriot Power Cell CX®! And just like the fan-favorite model, the improved model still keeps your devices ON when the lights go OUT. These pocket-sized "power plants" store 8,000 mAh of power -- enough to recharge your phone 6 times** -- and can be used every day or in a dangerous blackout.

Do I need to buy extra equipment for a patriot power cell?

There's no need to buy extra equipment. The cord that comes with your Patriot Power Cell is for recharging your Patriot Power Cell. It is not for charging your phone with a Patriot Power Cell. To charge your device, use the cord that came with that device. Charge your mobile devices with the charging cords that came with those items.
