

# Best backpacking solar charger power bank

Which solar charger is best for backpacking?

The Blavor Solar Power Bank is our top pick for a solar charger that's backpacking-friendly, with great durability and plenty of features. Another excellent product option is the Elzle Portable Charger Power Bank, which offers an affordable price and great reliability. Which solar charger do you carry while backpacking? Let us know below.

How durable is the BLAVOR Solar Charger Power Bank? BLAVOR Solar Charger Power Bank 18W REVIEW [youtube.com](https://www.youtube.com) Are portable solar panel Chargers good for off-grid hiking?

Sure, battery packs and power banks are an essential piece of the puzzle. On longer off-grid hiking trips, though, they only go so far. That's where portable solar panel chargers come in. They're lightweight, durable and provide supplemental energy in the most remote locations as long as the sun's shining.

Should you put a solar charger on your backpack?

A decade ago it was more common to see backpackers with a small portable solar charger on the back of their backpacks or charging up their phone during an extended break. But today's power hungry electronics make the weight-to-power potential harder to justify.

Choose If: You need fast, pass-through charging of up to 3 devices at once, and are willing to pay more for it  
Review: InfinityLab InstantGo power banks aren't made for backpacking, but they are still very lightweight.
