

# Best electric car charging station networks

What are electric car charging networks?

Electric car charging networks are the backbone of the electric vehicle (EV) ecosystem, providing drivers with access to charging stations across vast geographical areas. These networks are akin to gas stations for conventional vehicles, offering a reliable and convenient way to replenish your EV's battery.

Which EV charger has the most EV charging networks?

One can hardly discuss electric vehicle charging without mentioning one of the most prolific of EV makers and its corresponding network: Tesla. Whereas ChargePoint has the largest EV charging network by virtue of numbers, it is actually Tesla that has the most Level 3 chargers.

Which charging networks provide the best charging experience for electric vehicles?

Chargemap highlights the networks that provide an outstanding charging experience for electric vehicle drivers. Tesla Superchargers claims the top spot, closely followed by Fastned, praised for its ultra-rapid charging stations and reliable service.

Which electric vehicle charging networks are growing in popularity?

Another electric vehicle charging network that is growing in popularity is Blink, with the company proudly proclaiming that it designs, manufactures, and operates EV charging stations around the world. Besides its own public network, businesses and individuals can also own one of its patented charging stations.

How many EV charging stations are there?

One of the fastest-growing EV networks and charging stations is that of Electrify America, which boasts 3,503 fast chargers, 116 Level 2 chargers, and 806 charging stations with 123 on the horizon as of the time of this writing.

How do EV charging networks stack up?

Here's how some of the major EV charging networks in the U.S. stack up: The Blink network is owned by Car Charging Group, Inc and operates 3,275 Level 2 and Level 3 public chargers in the U.S. You don't need to be a member to use a Blink charger, but if you do join it could save some money depending on your membership status.
