

What is the best solar camping light?

Anyone who loves camping, outdoor activities, or lives in an area prone to blackouts knows how important it is to have a light source that doesn't run on mains electricity. Our all-around favorite and best solar camping light on this list is the versatile Whetstone Solar Camping Lantern.

What are solar camping lights?

Solar camping lights are portable lighting solutions that harness the power of the sun to illuminate your campsite. These nifty gadgets come with built-in solar panels that charge during the day, so you can enjoy hours of light without worrying about batteries or finding a power source.

What is the best solar camping lantern?

Best overall - Whetstone Solar Camping Lantern Along with a solar panel to charge the battery, this camping lantern has a hand crank as a backup charging option. This is one of the best solar camping lights you can buy, perfect for longer camping trips or overcast days when you may not have enough sun to run the lantern purely on solar energy.

Should I buy a solar camping light?

Whether you're going camping, boating, or want to keep a light for emergency situations, a solar camping light is your best bet. Green Coast is supported by its readers. We may earn an affiliate commission at no extra cost to you if you buy through a link on this page. [Learn more.](#)

How many lumens does a solar camping light produce?

You can use it not only as an overhead or ground light for camping, but also as a task light or emergency light. This lantern produces 40 lumens, which is significantly dimmer than some other solar camping lights, including our number one pick above.

How do you charge a solar powered camping light?

All solar-powered camping lights have a small panel on top. But because it is so tiny, it is not meant to be the primary charging option. It is more like a backup method. In other words, you should charge your lamp through the USB or DC socket, provided it has one, before your trip. Then, use the sun to keep the lantern charged.
