

Which solar company is the best in Bakersfield?

In Bakersfield, SunPower by Sun Solar is the top local solar company. Our team of experts rates it 4.50 stars, making it a good choice for installing solar panels on your home.

Who should I choose for solar in Bakersfield?

Here are the top companies we recommend for solar in Bakersfield: With Sunrun, you get a new, modern energy experience - the freedom to power life how and when you want with reliable, affordable energy made from the sun. I became an early adopter of SunRun's solar system in 2013.

What are people saying about solar installation services in Bakersfield?

What are people saying about solar installation services in Bakersfield, CA? "From start to finish, our experience with this company was smooth and efficient. Gina, and all staff, was knowledgeable and answered phone calls and questions promptly. It is rare to find this level of customer service."

Why are readers in Bakersfield considering solar panels?

What's especially pushing a lot of readers toward installing solar panels is their sizable energy bills that continue to increase each year. As a homeowner or business owner in Bakersfield, you may be interested in switching to solar and wondering about the best solar companies in your city. Solar could be a good idea since it has lots of benefits.

How much does solar cost in Bakersfield?

The average price of solar is about \$2.14 to \$3.22 per watt in Bakersfield, so anything in that range is a fair price. Some prices may be too good to be true. If your installer quotes you way below the average price in your area, proceed with caution. Installers must charge fair prices to remain in business and provide you with 25 years of support.

Do I need a solar battery in Bakersfield?

No, you don't need to install a solar battery in Bakersfield. Solar panels can operate and lower your electricity bill even without a battery. However, a solar battery might be a worthwhile investment in some cases. A battery can provide backup power and priceless peace of mind in places with prolonged grid blackouts or extreme weather events.
