

Who is the best solar company in Knoxville TN?

According to solar shoppers on the EnergySage Marketplace, the top five solar installers in Knoxville, TN are ReNew Solar Solutions, Green Wave Solar, Astrawatt Solar of Nashville, and Bulldog Electrical Contractors, Inc. How many solar companies are in Knoxville, TN?

How much does solar cost in Knoxville TN?

The average price per watt of solar power in Knoxville, TN is \$3.18/W. These prices are before incentives. After the federal solar tax credit, the final cost will drop by 30%, down to \$27,139 for a 12.18 kW system. Many states even offer local rebates and incentives that lower the price further--sometimes by thousands of dollars.

Are solar incentives a good idea in Knoxville?

Solar incentives and rebates can cut the cost of installing solar in Knoxville by thousands of dollars. The most significant incentive is the 30% federal solar tax credit, available to any taxpayer in the country when they purchase solar panels or battery storage.

Who is the best rooftop solar expert in America?

Learn more about the SolarReviews Expert Rating system. Andy is arguably the most qualified rooftop solar expert in America. He is in a unique position, having founded a large solar company but now being independent of any particular company.

How do I choose a solar company?

Solar companies that are licensed, insured and hold certifications take their business seriously. Look for companies that have NABCEP Certified professionals or certified electricians on staff and are properly insured, so their workers, and you, are protected. Financing options

What makes a good solar installation?

Top-notch solar installations should have strong workmanship and performance warranties. A workmanship guarantee covers installation issues, such as poor wiring, cracks in the panels, or poor alignment. A performance guarantee ensures a minimum energy output. Comprehensive warranties indicate that a solar company believes in its work.
