From personal experience, industry knowledge and plenty of research - here is who we have found to be the top 10 best solar installers in Perth. 1. Koala Solar Koala Solar has been in the game since 2015, with directors Corey and Stu working together and in renewables for over 13 years. Why we like them

Who is the best solar company in Australia?

If scores were equal, the winner goes to the company with more reviews. This year's winners are: First place: Positive Energy Solutions, based in Osborne Park, with a score of 4.95/5 based on 141 reviews Second place: Perth Solar Warehouse, based in Bibra Lake, with a score of 4.89/5 based on 323 reviews

Does Perth solar force install solar panels?

Perth Solar Force takes an extraordinary amount of pride in their panel installs. This normally can get neglected by solar installers, especially at larger companies with apprentices usually on the roof. PSF keeps their panel installations textbook, with no bowing and perfectly aligned, even on large commercial installs with a sea of panels.

Why should you choose a solar company in Perth?

Perth, the sunniest capital city in Australia, boasts over 8 hours of sunshine per day. This abundant sunlight makes it an ideal location for solar power installations. As the demand for renewable energy sources grows, numerous Solar Companies Perth offer best services to cater to this need.

How good is a solar installer in Australia?

Click on 'Australia Wide Ranking' to put their score in context. For example, on the surface, an average score of 4.3 might sound quite good. But it is in the bottom 30% of all installers reviewed on SolarQuotes who have at least 25 ratings: One problem with online reviews is some companies may game certain sites.

How much does solar cost in Perth?

The cost of installing solar panels in Perth averages around \$4,710 for a typical 6kW system after government rebates. Prices can range from \$3,120 for smaller systems to \$7,930 for larger ones, depending on the system size and quality. Is it worth getting solar in Perth?
