Is birdfy a sustainable bird feeder?

The Birdfy Feeder Bamboo is FSC-certified and promotes sustainable forest development. Its natural design attracts wild birds while blending into nature. Powered by solar energy, this bird feeder camera operates in an eco-friendly manner. Let's enjoy green birdwatching! Instantly identify your feathered friends.

How does a bamboo bird feeder work?

The camera is housed within its own central compartment, inside the middle of the bamboo feeder, and it is accessed by unclipping the front panel. Bird seed is added by lifting the hinged roof to one side and pouring it into compartments on either side of the camera. The floor of the feeder has a fine mesh so that any rainwater can escape through.
