Learn More About Our Electrical Services in Duvall: Car Charging Station Installation & Repair Service

A level 2 EV charging station is a charger that can deliver up to 240 volts of power to an electric vehicle. This significantly reduces the charging time compared to level 1 chargers, which can only deliver up to 120 volts.

Level 2 chargers are also much more powerful than level 1 chargers, and can charge an electric vehicle up to six times faster.

Locate Blink Charging stations near you with our easy-to-use finder tool. Get real-time information on availability. Start charging your electric vehicle.
