Register for PlugShare and personalize the charging map with your preferences. Filter by plug, power level, charging network, amenities, and more!

Where is the wireless charging station located?

There are two wireless charging stations in a Lexus vehicle. One is located inside the central armrest, and the other is a wireless charging tray located below the infotainment system on the dashboard. To charge, press the Qi wireless charger switch and place your smartphone on the pad, ensuring there is nothing between your phone and the bottom of the tray.

Are hybrid electric vehicles legal in Wisconsin?

The Wisconsin Department of Administration (DOA) encourages state employees operating state-owned or leased motor vehicles to use hybrid electric vehicles or vehicles that operate on gasoline (a motor fuel containing at least 10% alcohol) or alternative fuels whenever feasible and cost effective.
