

Is CATL a good battery supplier?

It maintains that advantage by being a top battery supplier for major automakers, including Tesla, Volkswagen, BMW and Geely. Analysts at S&P Global Ratings wrote in a recent note that they expect CATL to ramp up capital expenditure over the next two years as it looks to maintain a leading position in the global battery market.

Is China's 'CATL' a good stock to buy in Hong Kong?

China's Contemporary Amperex Technology (CATL), the world's largest producer of batteries for electric vehicles and a supplier for Tesla, has applied for a listing in Hong Kong, setting sights on one of the city's largest stock offerings in years. The battery giant expects to raise at least \$5 billion, according to Reuters.

What percentage of battery sales will CATL expect?

The Citi analysts said that CATL expects total battery shipments to the U.S. market, including both direct and indirect sales, to cover a single-digit percentage of total battery sales, or around 2%-3%, lower than previously anticipated.

Will CATL list on the Hong Kong stock exchange?

On Thursday, CATL announced plans to list on the Hong Kong Stock Exchange to drive the company's "global strategic layout" and improve its competitiveness. In a filing with the Shenzhen Stock Exchange, CATL said it intends to issue overseas listed H shares and apply for listing on the Hong Kong Stock Exchange.

Does CATL own a battery factory?

CNN has reached out to CATL for further comment. As of last year, CATL operates 13 battery factories around the world, including in China and Germany, according to the filing. The firm has previously announced it was working on a joint venture in Spain with Stellantis, the owner of Fiat and Chrysler, to build a battery plant.

Why did CATL stock drop 2% on Wednesday?

Despite the confidence and higher net profits, CATL's stock slipped around 2% on Wednesday following the lower revenue expectations. CATL shares are still up nearly 70% over the past 12 months, as the EV battery leader launched new products and expanded its global market lead. Add Electrek to your Google News feed.
