

Who can install solar panels in Houston?

Our Houston-based team provides solar panel installation for both residential and commercial customers in H-Town, including ABC Home and Commercial, Evelyn's Park, and the Houston Museum of Natural Science. Let's make Houston Solar!

Who is Houston solar energy?

Having successfully installed over 300 solar systems throughout the greater Houston area, our crew is one of the most experienced in the region and we are ready to tackle your project. Houston Solar Energy specializes in medium-scale commercial and industrial solar systems (and the occasional large residential system).

Is solar power a thriving industry in Houston?

More solar panels are being installed in Houston than ever before, making solar power a thriving industry in the Energy Capital of the World. Take advantage of falling solar panel costs and start making your own electricity to save on your electric bill.

Who are the best Houston solar installers?

KW Solar is one of the most experienced Houston solar installers. Solar isn't a new technology, but rooftop solar energy is a very new industry. The solar panels cost has gone down as technology has advanced sufficiently in the last few years. Solar for house actually saves you money, whereas before it was prohibitively expensive.
