

Who is SomeWatt Solar Cape Town?

Welcome to SomeWatt Solar Cape Town! We are a Cape Town based solar energy solutions company. Our individually tailored solar PV and battery backup systems designs turn roofs into reliable, renewable power sources. Harness the Cape Town sunshine and ditch load shedding with SomeWatt Solar.

What types of solar panels are available in Cape Town?

From polycrystalline panels to solar photovoltaic systems, the right type of solar panels in Cape Town is an important factor in generating solar electricity from the sun's energy. You'll also benefit from energy security by producing excess electricity that can be fed back into the grid or stored in a battery for later use.

Who is One Energy Cape Town?

One Energy Cape Town specialises in helping residential and commercial clients take control of their electricity costs and supply by getting off the grid step-by-step using our renewable energy solutions and expertise. Solar PV, inverters, battery storage, UPS, solar geysers and heat pumps for your home.

Why should you buy solar panels in the Western Cape?

You'll also benefit from energy security by producing excess electricity that can be fed back into the grid or stored in a battery for later use. This applies to residential properties and commercial solar installations across the Western Cape, with many solar panels for sale to choose from.

What can One Energy Cape Town do for You?

Don't get left in the dark by South Africa's energy crisis. Get off the grid step-by-step with our solar solutions. One Energy Cape Town specialises in helping residential and commercial clients take control of their electricity costs and supply by getting off the grid step-by-step using our renewable energy solutions and expertise.
