

Who manufactures Deye solar inverters?

Deye is a leading manufacturer of solar inverters, batteries, air conditioners, and dehumidifiers. Our innovative products include single and three phase string inverters, hybrid inverters, low and high voltage solar storage batteries, hybrid AC/DC and DC48V solar air conditioners, home and industrial dehumidifiers.

Does Deye offer a warranty on solar inverters?

Deye provides a 10-year guarantee for its solar inverters. Deye is an innovator and a leader in the field of advanced inverter technologies focusing on hybrid solar inverters, on-grid inverters, and special microinverters. Deye hybrid inverters support the parallel connection of up to 16 solar inverters, both on-grid, and off-grid.

Are Deye solar inverters a good choice?

Their inverters are renowned for their reliability, efficiency, and advanced technology, making them an ideal choice for both residential and commercial solar installations. Deye's commitment to innovation is evident in the continuous improvement of their products, ensuring they remain at the forefront of the market.

What is a Deye hybrid inverter?

These advanced systems enable energy independence, backup power functionality, and intelligent power flow control in a single integrated solution. With maximum efficiencies reaching 97.6% and MPPT efficiencies exceeding 99%, Deye hybrid inverters maximize both solar conversion and battery interaction.

How many solar inverters can a Deye hybrid inverter connect?

Deye hybrid inverters support the parallel connection of up to 16 solar inverters, both on-grid, and off-grid. JA TECH is an official distributor of Deye solar inverters. Become our partner too and get access to all the advantages of mutual collaboration.

What products does Deye manufacture?

Deye manufactures solar inverters, batteries, air conditioners, and dehumidifiers. Our innovative products include single and three phase string inverters, hybrid inverters, low and high voltage solar storage batteries, hybrid AC/DC and DC48V solar air conditioners, home and industrial dehumidifiers.

Ningbo Deye Inverter Technology Co., Ltd. is a leading manufacturer of solar inverters, batteries, air conditioners, and dehumidifiers. Our innovative products include single and three phase string inverters, hybrid inverters, low and high voltage solar storage batteries, hybrid AC/DC and DC48V solar air conditioners, home and industrial dehumidifiers. We have been established since 2007 and have a registered capital of 46 million USD. We are a leading manufacturer of solar inverters, batteries, air conditioners, and dehumidifiers.
