

Does Walt Disney World have electric vehicle charging stations?

Though not owned by Walt Disney World, several other resort hotels on Walt Disney World property offer electric vehicle charging options; however, these charging stations are only for hotel guests. Be sure to check with your resort for availability, pricing, and the power style and level when booking your room.

Where can I charge my electric car at Disney World?

Electric vehicle charging stations can be found at the Walt Disney World theme park parking areas, Disney Springs, and select Walt Disney World Resort hotels.

How do I charge my car at Walt Disney World?

If you plan on using the charging stations at Walt Disney World, all you have to do is ask a Cast Member at the parking gate for directions to these charge ports. Your fee will depend on the length of time you will be charging your vehicle and how fast you will be charging it.

How much does electric vehicle charging cost at Disney Springs?

However, the Electric Vehicle Charging stations at Disney Springs do run at a cost a bit higher than those throughout Walt Disney World Resort. The electric vehicle charging stations in front of Cirque du Soleil in the Watermelon parking lot have a rate of \$0.40 per kWh. They do give you a 20-minute grace period.

Are ChargePoint charging stations available at Disney World?

As Walt Disney World states on its website, "For your convenience, a number of ChargePoint charging stations are now available in parking lots at Magic Kingdom park, Epcot, Disney's Animal Kingdom theme park." All charging stations operate on a first-come, first-served basis.

How much do car charging stations cost at Disney World?

These are available at a rate of \$0.40 per kilowatt hour with a 20-minute grace period. After the grace period, the user will be charged \$0.30 per minute until the car is moved. Guests should expect these stations to charge more rapidly than the others on Walt Disney World property.
