

Does Georgia Power offer a rebate for Level 2 EV chargers?

Georgia Power offers residential customers a \$250 rebate for Level 2 EV chargers installed between January 1, 2020, and December 31, 2022. For more information, including eligible EV chargers and how to apply, see the Georgia Power Electric Vehicles website.

Does Georgia Power offer a TOU rate for EVs?

(Reference Georgia Code 32-9-4, 40-2-86.1, and 40-6-54) Georgia Power offers a TOU rate for residential customers who own an EV. Eligible customers must own a smart meter capable of separately measuring EV charger usage. For more information, see the Georgia Power Plug-In Electric Vehicles website.

How do I find out if a charging station is nearby?

To find out if a charging station is nearby, use ChargeFinder's station page which shows relevant information like charging speed, outlet type, price, and location. Additionally, the "Food and Shopping Nearby" feature helps you find points of interest near the charging station.

How much does a plug-in electric vehicle cost in Georgia?

For more information, see the Georgia Power Plug-In Electric Vehicles website. All-electric, natural gas, and propane vehicles are subject to an annual licensing fee of \$320.65 for commercial vehicles and \$213.70 for non-commercial vehicles.

Where can I find charging stations?

ChargeFinder is available as an app for iOS and Android. Specific city pages provide a good overview of charging stations in a particular city. Download the app from Apple App Store or Google Play. ChargeFinder will eventually also be available as apps in Apple CarPlay, Android Auto, and Android Automotive.

What information is displayed on the charger overview?

From the overview, there is information about number of chargers that are available, occupied or out of order. With a simple click, the price and availability for each charger is displayed. Live status for all major operators in one place is unique and something ChargeFinder is the only one to show.
