

## Electric car charging station near me for fiat 500e

What is a Fiat 500 electric car?

Find key electric car specifications including range,charging time,price,and the ideal charging station. The Fiat 500 reborn as the all-electric 500e is a small four-seat city car.

How do I charge a Fiat 500e?

To charge a Fiat 500e,you require a type 2 charging cable. EV King stocks these cables in a range of sizes and amperages. You can choose from a type 2 to type 2 charging cable (This cable fits into UK charging stations) or a 3 pin charging cable (This fits into a standard UK socket).

Does the Fiat 500e support DC charging?

The Fiat 500e does not support DC charging,according to the information from Fastned's fast-charging network. Most of the EV enthusiasts in the U.S. know the other electric 500,but it was a different car,offered just to get some EV credits. Let's get into it.

What size charging cable do I need for my Fiat 500e?

At EV King,we stock charging cables in various sizes and amperages. To charge your Fiat 500e at maximum speed,we recommend purchasing a 32amp (3 phase) charging cable,which will allow you to charge at the car's max charge rate (11kw).

Is the Fiat 500e eligible for the EV ChargePoint grant?

The Fiat 500e is only eligible for the EV chargepoint grant,but you will benefit from £0 road tax and £0 London Congestion Charge. \*On-the-road price including Plug-in Grant,if applicable. \*For further information including how to calculate personal BiK liabilities,please visit our Electric Car Tax guide.

Does the Fiat 500e have a gearbox?

In the Fiat 500e,there is no gearbox,so I have more room to sprawl,and the seats feel wider and comfier. But crucially,the car retains a similar overall shape and size,so it's still the tiny Fiat I love that I can park anywhere. Truly,I mean anywhere. It's satisfying to find a parking spot where only your car will fit.
