Where can I charge my PEV in Southern California?

Every month, new public charging stations come online where you can plug-in your PEV. To keep residents up-to-date with the region's rapidly expanding DC fast charge (DCFC) network, the South Coast Air Quality Management District (SCAQMD) has developed socalfast: your guide to Southern California's electric vehicle fast chargers.

What is a DC fast charge station?

DC fast charge stations enable rapid electric vehicle (EV) charging in 25 minutes or less. Plug-in on your way to work, during a quick trip to the store, or while grabbing a bite next door. The fast chargers in the socalfast network are supported by two types of connectors: the CHAdeMO and the SAE Combo.

How much does fast charging cost?

Frequent chargers can sign up for an 'On-The-Go' plan that charges 10 cents per minute and includes a monthly fee of \$14.95 to cover infrastructure development and maintenance. If you are a less frequent charger, you can opt into the 'Flex' plan to access DC fast charging for \$4.95 per session plus 20 cents per minute.
