

How many electric vehicle charging stations are there in Victoria?

For drivers with electric vehicles, there are hundreds of charging stations located throughout Victoria. Restricted hours of use may apply for some charging stations. Please wait while the interactive charging map below loads. Add or edit an electric vehicle charging station at PlugShare.

How much does it cost to charge an EV in Victoria?

The cost of charging an EV in Victoria varies depending on the network and type of charger used, but it's generally more affordable than filling up a petrol or diesel car with fuel. The average cost of public electric car charging in Australia is around \$0.45 per kWh for a 50kW DC fast charging station.

Where can I get an EV charger in Victoria?

The RACV City Club and RACV Resorts all have EV chargers available too. Select EV chargers are also positioned along popular driving routes throughout Victoria, such as the Great Ocean Road. These stations usually offer fast or ultra-rapid DC charging to get you back on the road quickly.

Where can I charge my electric car in Melbourne?

Melbourne boasts the densest network of public electric vehicle charging stations in Victoria. These are strategically located at various convenient places such as shopping centres, supermarkets, hotels, off-street car parks, and even petrol stations-- including 12 chargers in the new underground car park at the Queen Victoria Market.

How do I find EV charging stations in Australia?

To find nearby EV charging stations or to plan a road trip based on the location of EV charging stations, download the RACV App, and enter your location and select the plug type you need. Chargefox is Australia's largest EV charging network, and the RACV App shows you the locations of Chargefox stations across Australia.

Is Victoria a good place to charge a car?

And in Victoria, the answer is a resounding yes. As of mid-2023, Victoria boasts an impressive network of 129 high-power public charging stations out of the 558 chargers in Australia. But that's not the full picture.
