

What is E-Ton Solar Tech?

E-Ton Solar Tech is a Taiwan-listed company specializing in the development and manufacture of solar cell and energy solutions. Founded by Chairman Stephen Wu in 2002, E-Ton Solar Tech has the goal of mitigating the increasingly severe effects of climate change and making a positive impact on the environment.

Is e-ton solar a good company?

E-Ton Solar has received notable awards and recognitions. In September 2006, the Company won the prestigious Ernst & Young Entrepreneur of the Year award in the High Tech category. It was also ranked by Deloitte as one of Asia Pacific's top 500 fastest-growing technology companies that same year. This indicates that E-Ton Solar is a recognized and successful company in the technology sector.

What business is E-Ton in?

E-Ton is in the business of delivering clean and green energy solutions by developing sustainable alternatives, so as to combat climate change and secure a brighter future for future generations.
