

Where is Eve battery based?

EVE is headquartered in Huizhou, Guangdong and has a branch in Jingmen, Hubei. We have been cooperating with EVE for many years. Today we will introduce EVE's lithium iron phosphate square battery in detail from the appearance model, battery performance, packaging, transportation and storage requirements, precautions, etc.

1. Appearance Model

What is the difference between Eve 280ah and Eve battery cells?

EVE's battery cells are basically the same in appearance except for the 280ah, its upper cover is black. The following is the model and basic information of EVE battery cells:

2. Battery Performance Regarding the performance of the battery, the electrical performance graph is more intuitive.

Where is EVE Energy based?

Based in Malaysia, Serving the Globe! The equipment entry ceremony for EVE Energy's first factory with overseas delivery capacity was successfully held. To be the most creative lithium battery leading company and continuously overcome the core technical issues.

What is the protective cover on the eve battery?

The positive and negative terminals of the battery cells have a protective cover respectively, with the red cover on the positive terminal and the black cover on the negative terminal, with EVE printed on the cover. This cover is also unique to the EVE battery, which can be clearly distinguished from other battery cells.

What is the hottest selling battery cell of Eve?

The picture is one of the hottest selling cells of EVE: LF105, 3.2V 105Ah lifepo4 battery cell. As you can see from the picture, its upper cover plate is white, the black terminal is positive, the gray terminal is negative, positive and negative with screw holes, you can use screws and busbars to connect.

Is Eve lf280k energy storage cell UL certified?

EVE's battery cells have now passed UN38.3, CE, UL and other certifications. At the end of May, EVE LF280K energy storage cell received UL9540 A test report. LF280K is an energy storage core product for expanding overseas market, especially for North American grid level application market.

Ein elektronisches Ger#228;t h#228;ngt von der St#228;rke von 3.7v1100mah 753050 battery ab. Alibaba bietet nette 3.7v1100mah 753050 battery Angebote f#252;r den technologischen Verbraucher. ...

EVE Battery is the world's leading lithium battery manufacturer, focusing on the lithium battery industry for 21 years, with several core technologies. ry Cells, Racks, Modules, Packs and ESS ...

Discover a wide range of 18650 battery at Shenzhen Genju Technology Co., Ltd. . Browse our extensive collection of lithium battery and find the perfect Low-temperature lithium battery for ...

Model Number: 753050. Nominal Capacity: 1000mAh. Built-in protection circuit PCM for prevent over charging or over discharging. Charging current: standard charging, fast charging: 1.

Type: Li-Polymer Battery Charger Type: Electric Charger Charger Application: Tablet, Laptop, Video Game Player, MP3/MP4 Player, Camera, Standard Battery Nominal Voltage: 3.7V Charger Style: Simple Charger ...
