

Does Eve University give a bonus to capacitor capacity?

Mindflood Booster gives a bonus to capacitor capacity. Antipharmakon Aeolis gives a bonus to capacitor capacity. EVE University members can get full reimbursement for most of these skills, among many others, through the University skillbook program. Capacitor Management - 5% bonus to capacitor capacity per skill level.

Does Eve have a Powergrid?

Every ship in EVE has an internal generator, which provides the "powergrid" you see in the fitting window. Modules fitted onto the ship connect to the powergrid and reserve a portion of the generator output for themselves, reducing the remaining powergrid when fitted.

Do Eve University members get full reimbursement for skills?

EVE University members can get full reimbursement for most of these skills, among many others, through the University skillbook program. Capacitor Management - 5% bonus to capacitor capacity per skill level. Capacitor Systems Operation - 5% reduction in capacitor recharge time per skill level.

What happens if you run out of Mana in Eve?

Just as in many games some spells and abilities require mana, certain modules and abilities in EVE require capacitor energy. Running out of mana means that you can't cast spells for a while; in EVE, running out of capacitor means that you can't use some modules for a while.

Is it necessary to be cap-stable in PvE & PvP?

Although it is a good thing to be cap-stable, it is not a requirement in every situation. In some PvE and PvP combat situations, you will rarely need everything running at the same time, while in others stability is important. You must consider a fit's likely use and context.
