

Where can you charge a car on a highway?

For highway driving, charging will happen at dedicated DC fast charging stations located along main highways. Drivers can choose from multiple networks based on the fast charging connector on their vehicle; most networks support multiple connector types at each station. Common networks include Electrify America, Tesla, EVgo, and ChargePoint.

How to find convenient locations for charging stations? Electric Car Charging Explained | STEM Online Learning | General Motors youtube.com Where can I find a charging station?

You will be able to find station locations via the Chargefox app, which also tells drivers whether the plugs are "available" or "in use". Charging stations are also listed on PlugShare. At each site, the location of the charging station will be clearly marked and signposted.
