

Will Florida's Turnpike plazas get fast charging stations?

Florida's Turnpike plazas will be getting fast charging stations, as the state recently introduced its mitigation plan from its share of the Volkswagen Dieselgate settlement. All eight Florida Turnpike service plazas will see installation begin on fast charging stations by the end of the year, Governor Ron DeSantis said.

Where are Tesla charging stations in Florida?

Currently, there are Tesla charging stations at the Turkey Lake and Fort Drum Service Plazas, but Tesla is in the process of installing its chargers at the other six service plazas. In 2020, FPL installed EV Level 3 charging stations at West Palm Beach, Fort Drum, Port St. Lucie and Pompano Beach Service Plazas.

Where is the new charging station on the Kansas Turnpike?

On Friday, KDOT announced Francis Energy, LLC, had secured a contract for a new charging station at the Kansas Turnpike's Matfield Green service exit 30 miles southwest of Emporia. The state award is over \$335,000 with Francis Energy needing to provide 20 percent of the total project cost.

Where are eV level 3 charging stations located in Florida?

In 2020, FPL installed EV Level 3 charging stations at West Palm Beach, Fort Drum, Port St. Lucie and Pompano Beach Service Plazas. Duke Energy is currently installing EV Level 3 charging stations at the Turkey Lake Service Plaza and has plans to install charging stations at Canoe Creek.

Is Florida's Turnpike about to get hit by a bolt of electricity?

Florida's Turnpike Amps Up the... Drivers of Electric Vehicles (EV) recharging on Florida's Turnpike are about to get hit by a bolt of electricity. Multiple companies, including Tesla, Florida Power and Light (FPL), and Duke Energy, are involved with installing charging stations at the eight Florida's Turnpike Service Plazas.

Where are Duke Energy EV charging stations located?

Duke Energy is currently installing EV Level 3 charging stations at the Turkey Lake Service Plaza and has plans to install charging stations at Canoe Creek. Currently, the Canoe Creek Service Plaza has one charging station, but it is an EV Level 2 charger, which is slower than the newer models being installed.
