

Are solar panels free?

The Department of Energy is aware of claims of offers for free solar panels or that solar companies must provide solar panels for free if requested. However, the federal government does not offer any programs for free home solar panel installations nor does the government require companies to grant solar panels for free to customers.

How do I get free solar panels?

Use social media tools such as Facebook, Twitter, and Myspace to let people know that you're looking for free panels. You never know who people may know and it never hurts to ask. Contact government highway departments and road construction companies to see if they have any damaged solar panels that they're giving away.

Does the Department of energy offer free solar panels?

The Department of Energy and the Solar Energy Technologies Office have got you covered! The Department of Energy is aware of claims of offers for free solar panels or that solar companies must provide solar panels for free if requested.

Should you sign up for free solar panels?

Unsolicited leads from door-to-door salespeople: If a salesperson knocks on your door offering free solar panels, don't sign up for anything until you carefully research the company and its products. High upfront costs and hidden fees: Avoid signing a contract for "free" solar panel systems if a high upfront cost is still involved.

Is the offer of free solar panels a scam?

If offers of free solar panels sound too good to be true, it's because they are. Solar panels cost money, and these ads are, at best, misleading attempts to push solar leases and, at worst, complete scams.
