

Are there free solar panels?

There is no such thing as free solar panels, and there is no such thing as a no-cost solar program. If you're hearing about "free" or "no-cost solar programs," you're likely being fed a cheap sales pitch to tempt you into signing a solar lease, or a power purchase agreement.

What do solar companies mean by 'free'?

What Do Solar Companies Mean by 'Free'? When companies advertise free solar, they are generally referring to either a solar lease or solar power purchase agreement (PPA). In both cases, a company installs solar photovoltaic (PV) panels on your home, often with no up-front costs and no money down.

What is free solar?

"Free" solar usually refers to solar leasing and solar power purchase agreements (PPAs), which typically require little to no money up front. Solar leasing and PPAs offer an alternative path to solar for homeowners who don't want to -- or who can't afford to -- purchase a solar system, but they're not exactly free.

Does the Department of energy offer free solar panels?

The Department of Energy and the Solar Energy Technologies Office have got you covered! The Department of Energy is aware of claims of offers for free solar panels or that solar companies must provide solar panels for free if requested.

Should you sign up for free solar panels?

Unsolicited leads from door-to-door salespeople: If a salesperson knocks on your door offering free solar panels, don't sign up for anything until you carefully research the company and its products. High upfront costs and hidden fees: Avoid signing a contract for "free" solar panel systems if a high upfront cost is still involved.

Is the offer of free solar panels a scam?

If offers of free solar panels sound too good to be true, it's because they are. Solar panels cost money, and these ads are, at best, misleading attempts to push solar leases and, at worst, complete scams.
