

Is freedom solar a good company to install solar panels?

The overall experience is very positive, from the initial consultation to the installing - the installation team "jalapanel poppers" was extremely helpful and thorough explaining the installation process. I would recommend Freedom Solar to anyone who is in the market for solar panel installation.

How good is freedom solar?

Freedom Solar installed our original 27 panels and 2 Tesla Gen 2 batteries. The system has functioned great. When a panel went bad, they replaced the inverter within a couple of months. We just got 3 more panels and 2 more batteries installed at a really decent price.

Who is freedom solar?

Spencer and team know their business, the market, the technology, and the trade-space. From design through installation, exactly as planned. Love it. Freedom Solar is the local installer for Sunpower here in TX.

Is freedom solar a scary company?

Solar companies are scary but not Freedom Solar. They were fast, helpful and really did a great job. We got 2 Tesla batteries, Span curcuit controller, and solar. It's great!!!! Great service by the Freedom Solar Power installers!! Very professional, courteous, and very clean install. Quality installation. Quicker than the advertised timeline.

Do you recommend freedom solar?

I would highly recommend Freedom Solar if you are looking to install a solar power system. Freedom Solar installed our original 27 panels and 2 Tesla Gen 2 batteries. The system has functioned great. When a panel went bad, they replaced the inverter within a couple of months.

Should freedom solar power company have more employees like Michael?

Freedom Solar Power Company should have more employees like Michael. I have Solar Panel since beginning of May 2024. So far, it is running good. Thank you for other staff member, beside Michael, they also knew their stuff very well. And they worked around my schedule.
