

Is freedom solar a good choice in Colorado Springs?

Ken in Colorado Springs Freedom Solar isn't necessarily the cheapest option. We think the quality makes it worth it, but you might want to shop around and compare a few quotes. Freedom Solar installs American-designed solar panels and offers two reliable backup battery options, the Tesla Powerwall and the SunPower SunVault.

Is freedom solar a good company to install solar panels?

The overall experience is very positive, from the initial consultation to the installing - the installation team "jalapanel poppers" was extremely helpful and thorough explaining the installation process. I would recommend Freedom Solar to anyone who is in the market for solar panel installation.

Are solar panels free in Colorado Springs?

We're not aware of a totally free solar option in Colorado Springs. You can lease solar panels with minimal upfront costs, but there is usually an ongoing monthly fee. What are the different types of solar panels? Monocrystalline and polycrystalline are the most common types of solar panels used in residential installations.

How good is freedom solar?

Freedom Solar installed our original 27 panels and 2 Tesla Gen 2 batteries. The system has functioned great. When a panel went bad, they replaced the inverter within a couple of months. We just got 3 more panels and 2 more batteries installed at a really decent price.

Who is freedom solar?

Spencer and team know their business, the market, the technology, and the trade-space. From design through installation, exactly as planned. Love it. Freedom Solar is the local installer for Sunpower here in TX.

Do you recommend freedom solar?

I would highly recommend Freedom Solar if you are looking to install a solar power system. Freedom Solar installed our original 27 panels and 2 Tesla Gen 2 batteries. The system has functioned great. When a panel went bad, they replaced the inverter within a couple of months.
