How much does freedom solar cost?

When our house got hit by lightning and all of the panels tripped, we called Freedom Solar and they had it fixed within 15 minutes. I paid the electric bill today and it was \$37, which is low. \$25 of that is the fee they charge us every month for being attached to the grid. It used to be significantly more because lights, TVs, and radios.

Does Freedom solar power offer solar backup power?

In addition to solar panel installation, Freedom Solar Power offers a few options for solar backup power. A solar backup system connects to your home's solar panels and the electric grid. It stores excess power that can then be returned to your home in a time of need, like a power outage during an emergency.
