Where can I get solar power in Dallas-Fort Worth?

Freedom Solar services homeowners and businesses across the Dallas-Fort Worth area including Plano, Denton, Irving, Roanoke, and more. DFW solar power is a growing trend as homeowners and businesses take advantage of falling solar panel costs. Start making your own electricity to save on your electric bill.

Does Freedom solar power offer solar backup power?

In addition to solar panel installation, Freedom Solar Power offers a few options for solar backup power. A solar backup system connects to your home's solar panels and the electric grid. It stores excess power that can then be returned to your home in a time of need, like a power outage during an emergency.

How good is freedom solar?

Freedom Solar installed our original 27 panels and 2 Tesla Gen 2 batteries. The system has functioned great. When a panel went bad, they replaced the inverter within a couple of months. We just got 3 more panels and 2 more batteries installed at a really decent price.
