

Who is freedom solar power?

A Freedom Solar Power solution is a great option for anyone looking to go solar. As a residential and commercial customer of Freedom Solar, I can confirm their strong reputation. They are thriving in Houston because of their integrity and solution-oriented approach. You and your team did a knockout install on my house.

Is freedom solar power legit?

Yes, Freedom Solar Power is legit. Founded in 2007, Freedom Solar Power is a legitimate solar company that is available in 5 states in the U.S. 89% of Freedom Solar Power customers over the last two years report being satisfied with the company, with the highest ratings for financing options, customer service and cost savings.

Does Freedom solar install solar panels?

Freedom Solar installs grid-tied solar panel systems but specializes in off-grid options, such as ground-mounted solar energy systems and solar carports. Freedom Solar also installs solar batteries like the Tesla Powerwall and SunPower SunVault.

Does Freedom solar power offer solar backup power?

In addition to solar panel installation, Freedom Solar Power offers a few options for solar backup power. A solar backup system connects to your home's solar panels and the electric grid. It stores excess power that can then be returned to your home in a time of need, like a power outage during an emergency.

What services does freedom solar power offer?

Freedom offers complete solar power installation services for residential and commercial properties. For residential properties, the company provides roof solar panels, ground-mounted arrays, off-grid solar power systems and solar carports. Freedom Solar Power services the following roof types:
