

What is the best solar incentive in Georgia?

The best solar incentive in Georgia is actually a federal tax credit. The Residential Clean Energy Credit, formerly known as the federal investment tax credit (ITC), can reduce your solar panel system's cost by 30%. Your entire system, including all the equipment, labor, permitting, and sales tax, qualifies for the ITC.

Does Georgia offer solar rebates & tax incentives?

Unfortunately, Georgia does not offer solar rebate programs and tax incentives as of 2023. However, solar easement laws protect your access to sunshine, limiting any constructions that could cast permanent shadows on existing solar arrays. Incentive Value: Green loans with 9.90% APR and a term of up to 96 months.

Does the Georgia Power Home Energy Improvement Program offer rebates for solar?

Once the loan is paid off, you will have a free electricity source for decades. The Georgia Power Home Energy Improvement Program (HEIP) does not offer direct rebates for solar energy systems. However, you can claim the benefit if you combine your solar installation with home energy efficiency measures.

How much does a solar system cost in Georgia?

The Residential Clean Energy Credit, formerly known as the federal investment tax credit (ITC), can reduce your solar panel system's cost by 30%. Your entire system, including all the equipment, labor, permitting, and sales tax, qualifies for the ITC. In Georgia, the average cost for a 5 kW solar panel system is around \$13,160.

Are solar panels tax deductible in Georgia?

Georgia doesn't offer any state-specific battery incentives. However, all batteries larger than 3 kWh are eligible for the same 30% federal tax credit as solar panels. Batteries can make good financial sense as part of a home solar system in Georgia.

How much does a 5 kW solar panel cost in Georgia?

In Georgia, the average cost for a 5 kW solar panel system is around \$13,160. Once you factor in the 30% credit, the cost of a solar panel system in Georgia comes down to \$9,212. When you file your taxes, you can claim this incentive as a credit towards your federal tax bill.
