SOLAR PRO. Ginlong inverter diagram

How do I choose a ginlong inverter?

Ginlong recommends inverter installed to avoid direct sunlight or raining. To avoid over heating ambient air temperature must be considered when choosing the inverter installation location. Ginlong recommends using a sun shade minimizing direct sunlight when the ambient air temperature around the unit exceeds 104°F/40°C.

How do I know if my inverter is a ginlong Solis 5k-2g-us?

The red LED power will light, and the LCD shows the company's name and the inverter model. 208V~ 240V~ 3PH-?-3W SPLIT-PHASE Ginlong Solis-5K-2G-US TERMINAL Connection requiement Optional Figure 5.1 Company Name and Inverter Model on LCD Table 4.1 Grid terminal connection... 6. Operation 6.

Can a ginlong inverter be exposed to direct sunlight?

Exposure to direct sunlight will increase the operational temperature of the inverter and may cause output power limiting. Ginlong recommends inverter installed to avoid direct sunlightor raining. To avoid over heating ambient air temperature must be considered when choosing the inverter installation location.

How to install an inverter?

Installation 3.3.1 Wall mounting Refer to figure 3.6 and figure 3.7 Inverter shall be mounted vertically. The steps to mount the inverter are listed below. 1. Refer to Figure 3.6, drill holes for mounting screws based on the hole diameter of bracket using a precision drill keeping the drill perpendicular to the wall. 3. Installation 3.

Do Solis single phase inverters have a DC switch?

All Solis single phase inverters feature an integrated DC switch. Risk of electric shock. Do not remove cover. There is no user serviceable parts inside. Refer servicing to qualified and accredited service technicians. The PV array (Solar panels) supplies a DC voltage when they are exposed to sunlight.

How do I avoid overheating a ginlong inverter?

To avoid overheating, always make sure the flow of air around the inverter is not blocked. Exposure to direct sunlight will increase the operational temperature of the inverter and may cause output power limiting. Ginlong recommends inverter installed to avoid direct sunlight or raining.
