

What is a GP-pv-200m solar panel?

The GP-PV-200M, a 200-watt Solar Panel from Go Power!, is a high-efficiency monocrystalline solar module that provides outstanding performance and cost-effective solar power for high-end off-grid and mobile applications. This solar module is built to last and features a 25-year limited power output warranty.

What is the difference between Carmanah GP-pv-170m and go power 190W?

The Go Power 190W 12V solar panel replaces the Carmanah GP-PV-170M and provides 10 more watts. Both solar modules share the same high-efficiency monocrystalline composition, resulting in outstanding performance and cost-effective solar power for high-end off-grid and mobile applications.

Is GP-pv-190m a good solar module?

The GP-PV-190M solar module from Go Power is a good one, providing outstanding performance and cost-effective solar power for high-end off-grid and mobile applications. It sports the same high-efficiency monocrystalline composition as its predecessor and has received positive feedback from many RV, Sprinter Van, and Boating customers.

What is a 200 watt portable solar kit (PSK)?

This 200-watt Portable Solar Kit (PSK) folding solar module is ideal for those who don't want to permanently mount solar to a rooftop or want to supplement a roof top system.

What does GP-pv-200m stand for?

200 watt Solar Module (GP-PV-200M) High-Efficiency | Go Power! Aluminum framed solar module. Available in our most popular rooftop kits and systems, including:

What is included in a rooftop solar panel package?
